HEADACHE AND CATARRH SNUFF.

Time Sumif has thoroughly proved itself to be the best article over known for curing the Catarra, Cold in the Hend, and Hendache-It has been found an excellent remedy in many cases of Sore Eyes. Deafness has been removed by it and Hearing has often been greative improved by it and Hearing has often been greative indicated by its use. It opens and purges out all costractions, strongthens the Glands, and gives a healthy action to the parts affected. It is recommended by many of the best physicians and is used with great sorvess and satisfaction overwhere.

More than thirty years' experience has proved its great value, and at this moment it stands its great value, and at this moment it stands.

Sold by all Druggists

WORKESTER'S ROYAL QUARTO DICTIONARY.

THE BEST DICTIONARY EXTANT. This massive volume contains one thousand eight hundred and fifty-four pages. It is films traced by near than one thousand wood cuts; five thousand words are accurately synonymized; the many tables of proper names pronounced, are very full and necurate. Pr. Worcester's Quarto fastismary is a standard authority among authors and literary man wherever the English language is speken. Every family and every student of the language should possess a copy, for it is a library in itself. A few testimonials are given:

From WITLEAM CULLEY BREAST and WASHING-The conciseness and completeness of the defi-nitions, and the conscientions accuracy of the work in all its departments, give it, in my judg-ment, the highest claims to public favor. From Phor. Oliven Wendel Holmes, Boston.

It is indeed, a moramental work, and one of which our city and country may be proud as long as we have a city, a country, and a language. From Chantas Diegers, England. It is a most remarkable work, of which America will be justly proud, and for which all who study the English language will long have reason to respect your name, and to be grateful to you.

From Rev. W. WREWELL, D. D., Master of Trin-dy College, Cambridge, Author of "History of the Inductive Sciences."

I have repeatedly consulted the Dictionary since it has been in my possession, and have seen reason to think it more complete and exact than any of its predecessors.

I know no one who has done so much as you for all departments, and given to our tanguage a Dictionary so complete and many-saded.
